Here are some of the miracle stories shared with me in 2026

Over 250 new miracle stories were shared with me in 2026, every one of them sent personally by someone who saw our video ad, either as a comment on the ad or by email. The website now holds about 700 stories in all. The six below are examples, summarized. Read the full stories, and hundreds more, at God-Israel.com.

SEPTEMBER 2026

Her son recognized his hospital visitor as St. Padre Pio

Barbara Merrigan's four-year-old son was facing surgery for a brain tumor when a man arrived at the hospital one night saying he had been sent with Padre Pio's mitt to pray for the boy. The surgeons found no tumor and no cancer. After he recovered, Barbara showed her son a picture of St. Padre Pio, and he said that was the man who had visited him in the hospital.

SEPTEMBER 2026

A cloud formed in the image of her late husband as she prayed

Lin Mongan, whose husband of 60 years passed away last year, was sitting in her driveway with her dog Chip, praying through tears and asking Our Lord to pass her love on to John. Looking up, she saw a cloud shaped exactly like Chip, down to his short legs, and beside it a cloud in the image of a standing man with John's stance and hair.

SEPTEMBER 2026

He witnessed Our Lady of Zeitoun as a boy in Egypt

Radamis Habib was a young boy living in Alexandria when his father took the family to Cairo to see the apparitions of the Virgin Mary above St. Mary's Church in Zeitoun, which continued from 1968 to 1971 and were witnessed by an estimated one million people. He still remembers the crowds filling the streets at night, the flashes of light from the church dome, and the people crying out that it was the Virgin Mary.

AUGUST 2026

She died during an operation and was sent back for her baby

In June 1979, three months after the birth of her daughter, Darlene Brooks Moseley went in for a routine operation and woke up in intensive care, later told she had died during a five-hour ordeal. She remembers standing on a floating sheet of glass among the clouds while figures questioned her in turn. When she told them she could not go because her baby needed her, they answered that this was what they wanted to hear, and she could go back.

APRIL 2026

God took away her fear for her late husband in an instant

The night her husband died, Angela Hawkins was panicking over whether he was in Heaven or Hell, having prayed for years that he would come to know Jesus. As her friend tried to console her, the friend's voice went silent and God spoke inside her, calmly and with authority, telling her this was not her concern and that He was taking it from her. The panic became instant peace, and 29 years later it has never returned.

APRIL 2026

She saw Mother Mary in the clouds above her son's grave

Dena White Padgett lost her 17-year-old son in a car accident in November 2007 and prayed that God would show her that her child was with Him. That Christmas, driving past the cemetery, she looked toward his grave and saw Mother Mary in the clouds with her arms outstretched over it. She has never doubted since that her son is in heaven.

Demographics of those who saw our ad

RESULTS BY AGE AND GENDER | JAN 1, 2025 TO SEP 15, 2026 | SOURCE: META ADS MANAGER

Women accounted for 82% of results and men for 17%. Adults 65 and older were by far the largest age group, followed by 55 to 64. I consider this a critical audience to evangelize. Many are in the final chapter of their lives, and a reminder that God is real, present, and still working miracles can matter more at that stage than at any other.

Meta has disapproved our ad several times in the past for being related to religion. If that happens again, I will spend the 2027 budget on other advertising channels so the campaign continues.
